

Product information

130 MM (5") DEPTH STEP ACCESS LADDER

EXCLUSIVITY L'ECHELLE EUROPEENNE

DESCRIPTION

130 mm (5") depth step access ladder.

Equipped as standard with articulated pads and safety ramps.

Ladder with aluminium steps for all accesses.

Provides access to heights ranging from 1.50 m to 4 m (4'11" - 13').

Its articulated pads allow a ground support surface optimised for greater safety.

Available from 6 to 16 steps. Starting with 12 steps, equipped with a telescopic stabiliser.

1 year warranty.

TECHNICAL PART

- High resistance grooved aluminium steps
- Usage tilt : 70°
- Step depth : 130 mm (5")
- Height between steps of 250 mm (10")
- Step position: 600 mm (24")
- Exterior width with 2 ramps: 700 mm (28")
- Load-bearing capacity per step: 150 kg (330 lb)

OPTIONS

Hooks, exit ramp.
Mounting brackets.
