

DESCRIPTION

New platform with "saloon"-type automatic closing side door.
 Work platform designed for all work up to 3,50 m (11') high.
 Ideal for finishing work such as electrical installation, painting, carpentry installation...
 Can be used for sub-ceiling or facade work indoors or outdoors.
 2 year warranty.

TECHNICAL PART

- Deep tool pocket
- Stabilizer with milimetric adjustment (starting from a one metre high platform)
- 10 cm (4") skirting board
- Anti-lifting hook.
- Clearance height of 45 cm (17")
- 150 mm (6") displacement wheels not load bearing and not stainable
- Passage width 485 mm (19")
- Travel depth 80 mm (3")

ADVANTAGES

Hyper lightweight with its tube design - 25% lighter.
 Easy to carry in the utility: 30 cm (11") wide in folded position.
 Mobile on all construction sites with Ø 150 mm (6") wheels.
